

Specify **RoadTRANS**  
**FE 75W-90**  
 (fuel efficient) Synthetic  
 Axle lubricant

**1% FUEL SAVINGS**  
 ANNUAL SAVINGS PER TRUCK  
 UP TO \$500\*

\* Based on 120k miles/year, \$2.70/gallon of fuel, 6.5 MPG

**INCREASED  
 GEAR LIFE**  
 HIGH FILM STRENGTH,  
 LOW TEMPERATURE PERFORMANCE

## Synthetic Axle Lubricants

FE 75W-90

Option Codes: International – Tandem Axle -14WMJ, Single Axle -14WMG Hino – Z01AB  
 Freightliner – 41T-003 Volvo – 7W-E1 Kenworth – Standard Fill Peterbilt – Standard Fill

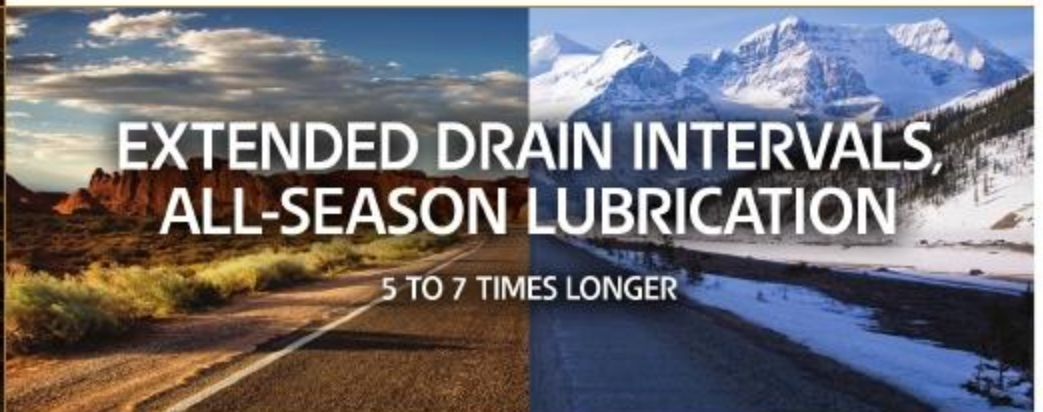

## SQUEEZE MORE FUEL ECONOMY OUT OF YOUR NEXT TRUCK

*RoadTRANS FE 75W-90* (Fuel Efficient)  
 Synthetic Axle Lubricant

Achieve a more profitable, greener fleet, and enhance overall performance with *RoadTRANS FE 75W-90* (Fuel Efficient) Synthetic Axle Lubricant. *RoadTRANS FE* Axle Lubricant is an API GL-5 extreme pressure gear lubricant designed for improved fuel economy in heavy- and medium-duty applications, as compared to typical petroleum 80W-90 or synthetic 75W-90 gear lubricants. In fact, this BASF Green Solution product can help save up to \$500 per truck annually\* and reduce your CO<sub>2</sub> emissions.

### Benefits of *RoadTRANS FE 75W-90* Synthetic Axle Lubricant:

- **Better Operating Performance** – 1% measured fuel savings (validated through fleet testing with an independent testing facility utilizing SAE J1321 methodology)
- **Increased Gear Life** – Provides high film strength and superior low temperature performance – anti-rust and anti-corrosion properties further promote extended gear and bearing life
- **Extended Drain, All-Season Lubrication** – Provides excellent performance over a broad temperature range due to its extremely low channel point and high viscosity index – resists oxidation and lasts significantly longer than conventional gear oils
- **Reduced Maintenance and Downtime**
- **Extended Drain and Extended Warranty Protection**
- **Genuine OEM Equipment**
- **2009 SAE Environmental Award winner**
- **FE 75W-90 Synthetic Axle Lubricant for service is available through major lubricant Distributors**

**EXTENDED DRAIN INTERVALS,  
 ALL-SEASON LUBRICATION**  
 5 TO 7 TIMES LONGER
